EDUCATION

Bachelors of Computer Science
University of Punjab , PUCIT (SABAC)
11/2020 - (7th) Semester   *3.57*

Intermediate(Pre-Engineering)
Government Post Graduate College for Women (Wahdat Road , Lahore)
06/2018 - 11/2020

Matriculation(Science)
Government Girls Higher Secondary School (Umar Block)
04/2016 - 07/2018

TOOLS AND TECHNOLOGIES

C/C++
Data Structures & Programming

MERN Stack
Web Dev

Java
Mobile App Dev

Csharp
Enterprise Web App

.NET Framework
MVC Model

Java Eclipse
Automation of algorithms

SKILLS

Enterprise App Development
Programming Fundamentals
Object Oriented Programming   .Net Developer
Software Engineering
Data Structures and Algorithms   Assembly Language
Introduction to Cyber Security
Design and Analysis of Algorithm   Web Technologies
Artificial Intelligence   Operating System   DBMS
Solution Architect   SQL

PROJECTS

Manually created Automation of Realizing Data Set for Line Slope Equation using Genetic Algorithm (07/2023 - 09/2023)
- This project utilizes the concept of mutation and crossover techniques over the various generations with specific population size to determine which generation has lowest fitness error(most fittest) .

Facebook Cloning Static Webpage
- This project helped me in nourishing my skills in various facts .Moreover ,I'm still working on it to make it a proper facebook clone using a MERN Stack.

CERTIFICATES

Solutions Architect-Amazon Web Services(AWS)-Forage (08/2022 - 11/2022)
A+
